1

Cinderella is organizing her enchanted library and finds three books: a red book about glass slippers, a blue book about the royal ball, and a green book about fairy godmothers. She reads the red book first, then the blue book, then the green book. In what order did Cinderella read her books?

2

Little Red Riding Hood is walking through the forest to Grandma's house. She passes 2 apple trees, then 3 mushroom circles, then 1 cottage. How many different things did Little Red Riding Hood see on her journey?

3

Snow White is baking pies for the seven dwarfs. She bakes 2 apple pies on Monday and 3 apple pies on Tuesday. How many apple pies did Snow White bake in total?

4

Jack climbed the beanstalk and found a magical castle with 4 golden rooms, 2 silver rooms, and 3 bronze rooms. How many rooms did Jack discover in the giant's castle?

5

Rapunzel has 8 flowers in her tower. A butterfly brings her 4 more flowers from the garden below. How many flowers does Rapunzel have now?

6

Hansel and Gretel found a path with 10 white pebbles and 5 breadcrumbs. How many trail markers did the children use to find their way home?

7

The Three Little Pigs built houses using different materials. The first pig used 6 bundles of straw, the second pig used 8 bundles of wood, and the third pig used 12 bundles of bricks. How many total bundles did all three pigs use?

8

Sleeping Beauty receives gifts from 3 good fairies: the first fairy gives her beauty, the second fairy gives her a sweet voice, and the third fairy gives her grace. How many magical gifts did Sleeping Beauty receive from the good fairies?
