

Adventure Through the Whispering Forest: A Nature Reading Quest

English

Grade 3

Nature Theme

Help our animal friends navigate through exciting forest adventures by reading each story carefully and answering the questions!

NAME _____

DATE _____

SCORE _____ / 8

1

Bella the Beaver was building a dam and found three types of wood: birch, oak, and pine. She used birch for the walls, oak for the roof, and pine for the entrance. Which wood did Bella use for the roof of her dam?

2

On a sunny morning, Oliver the Owl flew over the meadow and saw 2 red flowers, 4 yellow flowers, and 3 white flowers. How many flowers did Oliver count in total?

3

Rosie the Rabbit was gathering berries for winter. On Monday she picked 5 berries, on Tuesday she picked 7 berries, and on Wednesday she picked 6 berries. How many berries did Rosie gather in all?

4

In the story of the Great Forest Race, Dash the Deer started at the tall oak tree, ran past the bubbling stream, jumped over three logs, and finished at the birch grove. In order, what did Dash pass after leaving the oak tree?

5

Felix the Fox discovered a hidden cave with 12 shiny rocks inside. His friend Sammy the Squirrel found 8 rocks outside near the cave entrance. How many more rocks did Felix find than Sammy?

6

During the forest festival, the animals set up game stations. The acorn toss was at the meadow, the leaf jump was by the trees, and the mud splash was at the riverbank. If you wanted to play the leaf jump, where would you go?

7

Luna the Lynx was counting the animals she saw on her walk. She saw 3 deer, 5 birds, 2 raccoons, and 4 squirrels. How many total animals did Luna see?

8

The magical forest has three seasons described in the old stone tablet: Spring brings flowers and new leaves, Summer brings warm sunshine and growth, and Autumn brings colorful leaves and harvest time. Which season is known for colorful leaves and harvest?
