

Ocean Adventures: Reading Comprehension Quest with Sea Friends

English

Grade 3

Ocean Theme

Help our ocean friends complete their underwater missions by reading each story carefully and answering the questions!

NAME _____

DATE _____

SCORE _____ / 8

1

Splash the dolphin found a treasure map in a bottle. The map said: 'Swim past 3 coral reefs, then turn left at the shipwreck, and you'll find 5 golden pearls.' How many pearls will Splash find at the end of the map?

2

Shelly the sea turtle was collecting seashells for her collection. On Monday she found 4 shells, on Tuesday she found 6 shells, and on Wednesday she found 3 shells. How many seashells did Shelly collect in total?

3

Captain Octopus the wise octopus was organizing his underwater library. He had 8 books about ocean adventures on the top shelf and 7 books about sea creatures on the bottom shelf. How many books does Captain Octopus have altogether?

4

Bubbles the clownfish was inviting friends to his coral reef party. He wanted to give each guest 2 pieces of sea candy. If 6 friends were coming, how many pieces of sea candy did Bubbles need?

5

Pearl the whale shark was swimming through the ocean with her friends. She started with 9 fish snacks in her pouch. She ate 4 snacks during her morning swim. How many snacks did Pearl have left?

6

Ziggy the seahorse was racing his friend Splash across the kelp forest. Ziggy swam 12 meters and Splash swam 8 meters. How much farther did Ziggy swim than Splash?

7

Coralie the coral was decorating her reef home. She placed 3 rows of colorful rocks, with 4 rocks in each row. How many rocks did Coralie use to decorate?

8

Finn the starfish had 18 shiny pebbles. He gave 9 pebbles to his best friend, Squirt the seahorse. How many pebbles did Finn have left for himself?
