

Holiday Adventures: Addition Quest with Santa, Elves, and Friends

Math

Grade 2

Holidays Theme

Help Santa and his Holiday friends solve their magical addition adventures by finding the correct answers!

NAME _____

DATE _____

SCORE _____ / 8

1

Santa's elves are wrapping presents in the toy workshop. Elfie wrapped 5 red presents, and Jingle wrapped 3 blue presents. How many presents did they wrap together?

2

Rudolph the Red-Nosed Reindeer is munching carrots on Christmas Eve. He ate 4 carrots before takeoff and 6 carrots after landing at the North Pole. How many carrots did Rudolph eat in total?

3

Mrs. Claus is baking cookies in her magical kitchen. She baked 7 gingerbread cookies in the morning and 8 candy cane cookies in the afternoon. How many cookies did she bake altogether?

4

The Christmas tree in Santa's workshop has ornaments being hung. There are 9 shiny gold ornaments and 6 sparkly silver ornaments. How many ornaments are on the tree now?

5

Frosty the Snowman is playing with children in the winter wonderland. 8 children made snowballs, and 7 more children joined in. How many children are playing snowball games with Frosty?

6

The Nutcracker is leading toy soldiers across the enchanted palace. There are 6 toy soldiers marching in the first group and 5 toy soldiers in the second group. How many toy soldiers are marching in total?

7

Candy Cane Lane has colorful decorations everywhere! There are 12 candy canes on one side of the street and 8 candy canes on the other side. How many candy canes decorate the lane?

8

The North Pole workshop elves are loading Santa's sleigh with toys. They packed 9 toy trains in the first load and 7 toy cars in the second load. How many toys did they pack altogether?
