____ / 8

1

Lily the Lion is shopping at the jungle market. She wants to buy a striped scarf for 25 cents and a shiny mane clip for 30 cents. How much money does Lily need to spend altogether?

2

Ollie the Otter finds 45 cents in his riverbank home while exploring. His friend gives him 20 more cents as a birthday gift. How many cents does Ollie have now?

3

Bella the Bear is collecting honey at the forest store. A jar of golden honey costs 60 cents. Bella has 85 cents saved up. How much money will she have left after buying the honey?

4

Ziggy the Zebra is at the savanna shop with his three best friends. Each friend gives Ziggy 15 cents to help buy a group picnic blanket. How much money do the three friends give Ziggy altogether?

5

Penny the Penguin is sliding across the ice and finds 50 cents. She also had 35 cents in her pouch. How much money does Penny have in total?

6

Gus the Giraffe goes to the tall-tree market with 75 cents. He spends 40 cents on spotted leaves for snacking. How much money does Gus have left?

7

Rosie the Rabbit is having a forest party and needs decorations. Colorful flowers cost 22 cents and party streamers cost 18 cents. What is the total cost of decorations Rosie needs to buy?

8

Chester the Cheetah is saving money to buy a racing toy. He has saved 55 cents already and earns 25 more cents by helping his family. How much money does Chester have saved now?
