Mountains Theme

□ Help the mountain friends complete their money adventures by solving each story problem!

NAME _____

DATE _____

SCORE _____ / 8

1

Rocky the mountain goat is climbing to the summit store and wants to buy trail snacks. A granola bar costs 25¢ and a water bottle costs 30¢. How much money does Rocky need to buy both items?

2

Stella the eagle found 4 shiny coins while flying over the mountain peaks. Each coin is worth 10¢. How much money did Stella find in total?

3

Pine the mountain pine marten is saving coins to buy camping gear. She has 60¢ and finds 15¢ more under a rock. How much money does Pine have now?

4

Bear the mountain bear went to the peak shop with 50¢. He bought a hiking map for 20¢. How much money does Bear have left?

5

Three mountain climbers, Ash, Iris, and Sam, are pooling money for a cable car ride up the mountain. Ash has 15¢, Iris has 20¢, and Sam has 25¢. How much money do they have altogether?

6

Windy the snow leopard needs 80¢ to buy a warm scarf at the mountain lodge. She already has 35¢. How much more money does Windy need?

7

Cloud the mountain sheep is selling wool scarves at the base camp. She sells 5 scarves for 10¢ each. How much money does Cloud make?

8

Granite the stone marmot had 90¢ saved for a mountain expedition. He spent 35¢ on a backpack and 20¢ on rope. How much money does Granite have left for his adventure?
