SCORE

____ / 8

1

Melody the singer is saving up to buy new microphones for her concert tour. She has 25 cents in her piggy bank. Her friend donates 15 cents to help her. How much money does Melody have now?

2

Rhythm the drummer is at the music store and wants to buy drumsticks. He has 50 cents but the drumsticks cost 30 cents. After he buys them, how much money will he have left?

3

Harmony the choir director is buying music stands for her singing group. She buys one stand for 20 cents and another stand for 35 cents. How much does she spend in total?

4

Jazz the saxophone player finds 3 dimes (10 cents each) on the stage after his performance. How many cents did he find altogether?

5

Melody and Rhythm are selling homemade kazoos at the school concert. They sell 5 kazoos for 10 cents each. How much money do they make together?

6

Harmony has 60 cents to spend on guitar strings. She buys strings for 25 cents. Then she buys rosin for 20 cents. How much money does she have left?

7

The marching band is saving coins for a trip to the music festival. Monday they save 15 cents, Wednesday they save 20 cents, and Friday they save 25 cents. How much have they saved in total?

8

Jazz has 4 quarters (25 cents each) in his music case. How many cents does he have altogether?
