

Rainforest Riches: A Money Adventure in the Jungle

Math

Grade 2

Rainforest Theme

Help our rainforest friends count their coins and bills as they go on jungle adventures!

NAME _____

DATE _____

SCORE _____ / 8

1

Sammy the Spider Monkey found 3 coins worth 10¢ each while swinging through the canopy. How many cents did Sammy find in total?

2

Rio the Rainforest Parrot earned 25¢ for singing beautiful songs to the jungle animals. Then she found 15¢ hidden in a tree hole. How much money does Rio have now?

3

Bella the Jaguar was saving money to buy a tasty jungle fruit snack that costs 50¢. She already has 30¢. How many more cents does she need?

4

The Toucan Twins, Tiki and Taka, are sharing their coins from a treasure hunt. Tiki found 4 coins worth 5¢ each. Taka found 2 coins worth 5¢ each. How many cents do they have together?

5

Fernando the Frog sold 5 lily pads to other rainforest creatures for 10¢ each. How much money did Fernando earn from selling lily pads?

6

Rosita the Red Poison Dart Frog had 60¢ saved up. She spent 20¢ on a new leaf for her jungle home. How much money does she have left?

7

The Anaconda's Adventure Store has bananas on sale! Each banana costs 10¢. If Gino the Gibbon buys 4 bananas, how much will he spend?

8

Luna the Moonlit Sloth found money on the forest floor: one 25¢ coin, two 10¢ coins, and one 5¢ coin. How much money did Luna find altogether?
